## Preface

This catalog covers publications and conference papers by ERS staff (or sponsored by ERS) that were published (or, in the case of conference papers, presented) in fiscal year 1986 (October 1985 – September 1986). This catalog is comprehensive as far as ERS publications are concerned. Other publications by ERS staff or sponsored by ERS are included only to the extent that they were reported in fiscal year 1986 progress reports. For information on how to obtain ERS publications, contact the Information Division (202-786-1515). Inquiries about other publications and conference papers should be directed to the authors.
